

## GOOD PEOPLE ARE PROOF OF POWER OF RELIGION\*

New Standards of Life Set Up by Jesus Characterize Those Who Walk His Way—Present World Problems and Their Relation to Everyday Goodness.

By WILLIAM T. ELLIS

Biggest and best news often does not get into print. More important than any political action, or than any events in international affairs, is the way the minds and purposes of plain people are tending. In the long run, thoughts are the news that count. If a majority of men and women are lowering their private standards of conduct, that is a worse disaster than a world-wide depression. If, on the other hand, people generally are seeking to live nobler lives, then the outlook for the race is rosy.

As we follow Dr. Luke's brilliant biography of Jesus, we are struck by the way in which the teacher related all of His doctrines to life. One of His basic declarations was, "I am come that they might have life, and that they might have it more abundantly." Jesus is the eternal savior of every program of human betterment. Civilization goes forward just in the degree that it follows Him. The everyday vicissitudes of His Gospel is that it produces good men and women, who walk in integrity and brotherliness.

A Political Platform. As one whose mission was to establish the Kingdom of Heaven on earth, Jesus gave constant concern to the qualities which characterize a citizen of the Kingdom. His platform, as it has been called, was the Sermon on the Mount, from which our lesson is taken.

Never before nor since was there a platform like this. It reversed the whole accepted order of the life of Christ's own time. In an era when strength and power and privilege and wealth and self-aggrandizement were apotheosized, He set forth the eternal value of meekness and docility and self-sacrifice and brotherliness and self-restraint. Small wonder that the "practical" men of all ages have dismissed the Sermon on Mount as "unworkable," "idealistic," and "contrary to human nature." The plain truth is that the Jesus way has not only won for its followers the encomiums of the centuries; but it is also looked upon yearningly, in our distraught time, as the only "way out" for harassed humanity. In a bitter school we are being taught that "good times" come only by good men; and that the good life set forth by Jesus must precede and undergird all hopes for world peace and real prosperity and universal good will.

The Great Quest. One who looks at the world is the hunger of millions for the good life. All sorts of persons, high and low, of all ages and capabilities, are definitely in pursuit of this spiritual goal. I get letters from all sections of the continent, from other lands, which give me glimpses of the deep concern of men and women for this supreme good. They want to live at their best; they want to count for the most; they want the spiritual satisfaction which only Christ offers. We are blind to the deeper forces at work in human life if we fail to reckon with this mood of mankind.

Out of this truth flows that display of kindness, neighborliness and human helpfulness that is the glory of our world. Consider the two million Sunday school teachers of the United States and Canada; the other millions of Christian Endeavors; the millions of members in the women's societies of the churches; the brotherhoods and Bible classes and sodalities and guilds; the social workers; and the plain, unorganized, unpretentious men and women, in homes and offices and shops who are all seeking to live the good life according to the pattern of Jesus. All of these together constitute the mightiest force in our world. The citizens of the Kingdom outnumber every nation.

Oriental Hypothesis. Pictorial speech ever flowed from the lips of Jesus. He was the world's greatest story-teller. And He used the similes of the Orient in which He lived, as when He condemned the habit of judging by looking at the hearer take the beam out of his own eye before He condemns the mote in a brother's eye—or, as Moffatt translates it, "Why do you note the splinter in your brother's eye, and fail to see the plank in your own eye?" This was a touch of familiar oriental hyperbole which the listeners could appreciate.

In other words, Jesus condemned the attitude of censoriousness and self-superiority and criticism, so common among the shallow "intellectuals" and reactionaries of our time. Pointing out another's faults is no proof of virtue in one's self. Christians are commanded to live by the royal law of charity, "Look within!" was the Jesus idea.

"Search thine own heart. What paineth thee, in another; in thyself may be."

Trees of the Lord. As figures tumbled over one another in the talk of the Teacher, He cited the case of the tree: "No sound tree bears rotten fruit, nor again does a rotten tree bear sound fruit; each tree is known by its fruit" (Moffatt).

One traveler tells of a gorgeous garden party in Japan. It was not the season for cherry blossoms—yet the trees bore tens of thousands of beautiful blooms.

They were artificial flowers, each toilsomely tied on to the branches. But nobody was deceived. Real blossoms and fruit cannot be affixed to a tree; they must grow out of its very life. And the great virtue cannot be fastened onto unvirtuous lives, they must spring from the life within.

When The Floods Come. Nobody ever saw a great house, with stone foundation pillars, floating down stream in a flood. It is the flimsy shacks, which lie on the surface of lowlands, that fall before the torrents. In life's testings, it is the lives without solid foundations that go to pieces. How grandly we all have seen saints survive grief and disaster!

Within the week I have read newspaper articles by Will Durant and Roger Babson, lamenting the lack of moral and religious groundwork and character in this generation. Their cry was for characters founded on a rock. In other words, they were paraphrasing the Scripture of the present Lesson.

Only from such men as we expect on the good life, which Jesus set as the standard of Kingdom citizenship.

SEVEN SENTENCE SERMONS. I count life just a stuff to try the soul's strength on.—R. Brown.

Enduring social transformation is impossible of realization without changed human hearts.—Secretary Henry A. Wallace.

Here is the truth in a little creed, Enough for all the roads we go; In love is all the law we need, In Christ is all the God we know.

—Edwin Markham.

All within the four seas are brethren.—Confucius.

Be thou a blessing.—Gen. 12:2.

We search the world for truth; We cull the good, the pure, the beautiful, From graven stone and written scroll, From old flower-fields of the soul; And weary seekers of the best, We come back laden from our quest. To find that all the sages said, Is in the Book our mothers read.—Anon.

We used to think that education would solve all problems; but reason appears to be given men chiefly to enable them to discover reasons for doing what they like.—William James.

Atwell Granted Mills Permanent Restraining Order

DALLAS, Feb. 6.—(AP)—Permanent injunction restraining collection of AAA processing taxes were granted today by Judge William H. Atwell in United States district court to the Sanger Mill & Elevator company and the Whaley Mill & Elevator company. Judge Atwell ordered the return of \$24,046.44 to the Whaley company, and \$10,434.14 to the Sanger company, these amounts having been put up in escrow while the suits were being settled.

Only two of the thirty-nine suits originally filed against processing taxes in this district remain on the docket. The others have been withdrawn or been granted.

Coming Marriage Of Tennessee Couple Of Interest Locally

Announcements of the approaching marriage of Miss Hazel Mae Davenport, daughter of Mr. and Mrs. Arthur Benton Davenport, to Mr. Robert L. Taylor on Saturday afternoon, February 15 at 4 o'clock, at the Second Presbyterian church in Knoxville, Tenn., have been received by relatives and friends here.

Miss Davenport is the granddaughter of C. B. Davenport of this city. She also has an aunt, Mrs. Louis Durr, who is a resident of Corsicana. Other relatives live in and near Corsicana.

Whether you buy a new car or remodel and repair your home you will probably want to pay out of your monthly income. It will cost no more to finance home improvements than to arrange for monthly car payments.

Let your home come first—it is your basic investment in successful living.

## NO ADDED LEVIES PLANNED FOR BONUS IS LATEST REPORT

CANCELLATION OF BILLION  
IN AUTHORIZED EXPENDITURES  
DRAW INTEREST

WASHINGTON, Feb. 5.—(AP)—Actual drafting of taxes to finance the new farm program was scheduled for today by President Roosevelt as he pressed forward with a series of major financial conferences.

As some Capitol Hill Democratic sources heard the White House had no present plans for new levies to finance bonus payments, Mrs. Roosevelt summoned advisers to go over the farm tax program.

He has said at least \$500,000,000 would be needed, drawing a distinction between "new" taxes and levies simply replacing the invalidated AAA processing taxes. The farm tax meeting was sandwiched between two other discussions considered vital to New Deal policies. Yesterday, the president arranged to cancel more than \$4,000,000,000 in authorized government credits; tomorrow he checks over the possibilities of similar cancellations.

The White House itself had no further word on bonus taxes. Summoned for the farm revenue discussion were Secretaries Morgenthau and Wallace, Attorney General Cummings and Solicitor General Stanley Reed.

A leading Democrat closely in touch with tax matters said today definite word had reached the house ways and means committee that the administration had no present plans for asking new taxes to cover bonus payment costs.

President Roosevelt previously has said at least \$500,000,000 in taxes would be necessary to finance the new farm plan. He emphasized, however, these taxes would not be new, simply replacing the invalidated AAA processing levies.

In some quarters \$230,000,000 in bonus taxes had been discussed. Mr. Roosevelt told the press yesterday, however, that the additional cost to the government of paying the bonus immediately was about \$100,000,000.

No New Bonus Taxes. All tax bills originate in the ways and means committee. The president's Democratic preference not to be quoted by name. He indicated Chairman Doughton (D-NC) of the committee, in a discussion with the White House by telephone, had received information that on the basis of present plans no taxes to finance the bonus will be sought.

This word was advanced on Capitol Hill as Mr. Roosevelt planned a meeting tomorrow of the heads of government spending agencies with the view of determining whether any unexpended balances of authorized outlays might be held up.

Last night, the president arranged to cancel more than \$1,000,000,000 in authorized lending funds as no longer needed—presumably because of improved business conditions—was promised at the time a similar check on direct spending.

Some Washington observers held the opinion that should the present determine upon a slash in direct spending, the addition to that projected for the use of federal credits, the move might be interpreted as a start toward restricting major New Deal services.

Sports Editor Has Returned to College To Seek Degree

MEXIA, Feb. 6.—(Spl.)—Kernit Horn, who has been acting as sports editor for the News for several months, Tuesday returned to Georgetown to enter Southwestern University to complete work for his B. A. degree. Mr. Horn will take a course in physical education in addition to other work.

Mr. Horn was captain of the football team while attending Mexia High school, and lettered in basketball, track and tennis.

port, to Mr. Robert L. Taylor on Saturday afternoon, February 15 at 4 o'clock, at the Second Presbyterian church in Knoxville, Tenn., have been received by relatives and friends here.

## CHARLIE CHAPLIN'S INITIAL PICTURE IN PAST FIVE YEARS GETS OFF TO FLYING START

Associated Press Staff Writer. NEW YORK, Feb. 6.—(AP)—Charlie Chaplin's first movie in five years was off to a flying start today after a gala premiere marked by an emergency call for police to push back crowds of celebrity-pursuing autograph hunters.

Sounds rumbled and rolled through the new movie, "Modern Times," but Chaplin's only concession to the screaming fans was a tune in an unrecognizable tongue. Those who attended the Broadway premiere last night were little concerned, however, over Chaplin's silence, rather reveling as in bygone years in his humor and pathos.

"Modern Times" seeks to insulate the inexorable demands to which machines compel men to bow, but its message held second place to the old time Chaplin-esque touches.

The thousands who paid \$5.50 a

sent for the opening at the Rivoli theatre—a dressed-up throng of notables for the most part—saw Chaplin in his familiar role of an insignificant fellow who yields himself to the vicissitudes of fate like a piece of driftwood in an eddy.

Dame Fortune gives him a jolt, and Chaplin takes it. Fate spares him oblivion, cat and mouse fashion. Through all this business, Chaplin staggers along, saying nothing, of course. But he finally bursts into song.

His singing marks the first time in his film career that an audience has heard his voice.

He loses the cuff on which are written the words of his song. He adopts a species of pig-Latin for the occasion, then goes into his song and dance act.

The comedian's leading lady in "Modern Times" is Paulette Goddard.

will speak at Coral Gables, Fla. The speech will be broadcast at 9:45 p. m. Central standard time. "waste" under the Roosevelt administration, Rep. Bacon (R-N.Y.) said in a speech last night that a lot of it is due to the energetic application of the spoils system, and partnership of the administration of relief.

Van Nuys Bill Passed. 3. The senate passed yesterday, and transmitted to the house, the Van Nuys bill providing fines up to \$5,000 for any one seeking to swing votes of their employees through "fear or intimidation."

Borah's flat announcement created a wave of interest in both parties. Many Republicans here were slow to comment, pending a study of the situation, but Rep. Hish (R-N.Y.), a Borah supporter, hailed the move, saying Borah's strength "lies with the tax driver, the elevator operator, and the rank and file of substantial Americans."

There was no immediate announcement as to what other men mentioned as possible contenders for the nomination would do. The opinion that Col. Frank Knox of Chicago would take whatever steps are necessary to protect his interests in Ohio was expressed by a Knox supporter, Clarence J. Brown, former Ohio secretary of state. Brown said Borah's move was "not conducive to harmony."

Although the Borah move had been in the making for months, many political observers had believed he might not actually make the race, Ohio but was a bona fide candidate for president and not a "stalking horse" for liberal delegates.

They left Washington convinced the Borah not only would campaign in Ohio but would be a candidate for president and not a "stalking horse" for liberal delegates.

Aged Mexia Resident Buried Wednesday

MEXIA, Feb. 6.—(Spl.)—Funeral services were held at the Corley Funeral Home Wednesday afternoon for Francis R. Stocking, 74, who died at his home, L. B. Stocking, 718 East Hopkins street, Tuesday at 9:30 a. m. Services conducted by Rev. Donovan, with interment in the city cemetery.

He is survived by his wife and three sons, E. P. Stocking, Refugio, L. E. Stocking and A. H. Stocking of Mexia, and one daughter, Mrs. J. V. Bayers of Mexia, also four grandchildren.

## PROPOSAL ADVANCED FOR CONFERENCE ON PEACE CRITICIZED

BRITISH IMPERIALIST NEWS-  
PAPERS SARCASTIC IN  
THEIR COMMENTS

By G. H. ANDERSON. Associated Press Foreign Staff. LONDON, Feb. 6.—(AP)—The Laborite George Lansbury's motion for Great Britain to sponsor an immediate international peace conference, rejected by the house of commons, drew fresh fire today from British imperialist newspapers.

The house of commons turned down Lansbury's original proposal yesterday, 228 to 137, but affirmed his "profound belief in the futility of war and its grave concern over world-wide preparation for war."

After deleting the conference proposal and inserting an amendment expressing confidence that the government "will take all practicable steps to promote international prosperity and better understanding between peoples," the amended motion was adopted, 164 to 118.

In the aftermath of the debate, imperialist newspapers hurled paragraphs against both Lansbury and David Lloyd George, prime minister, who supported the proposal for an international peace roundtable.

There is a suggestion that we are ready to feed the lions because they are growling so loudly in various parts of Europe—feed them with checks of the British empire, the Morning Post said editorially.

Such an idea, this newspaper asserted, was unworthy of Englishmen.

The Express commented that perhaps Reichsmarschall Adolf Hitler, Premier Mussolini or Emperor Hirohito would be the new ruler of Britain's colonies, receiving mandates as a reward for making peace with the League of Nations.

COLLECTION OF OIL TAX SUSPENDED BY LOUISIANA GOVERNOR

BATON ROUGE, Feb. 6.—(AP)—Collection of four-fifths of the five cents a barrel oil refining tax was suspended today by Governor James A. Noe until 20 days after close of the 1936 legislature.

## Mrs. E. Y. Mullins Died in Louisville After Long Illness

Word has been received in Corsicana that Mrs. E. Y. Mullins, widow of the late Dr. E. Y. Mullins, had passed away at her home in Louisville, Ky., Thursday morning after many months of illness. Mrs. Mullins was a sister-in-law of Mrs. E. C. Vaughan of Corsicana.

Her late husband, Dr. Edgar Y. Mullins, was a distinguished minister and educator in Southern Baptist circles and was the son of the late Dr. S. G. Mullins, pioneer Baptist minister, and wife of Corsicana.

TEXAS OUTLOOK HAS FEATURES CORSICANA AND COUNTY INTEREST

The February issue of "The Texas Outlook," official news organ of the Texas State Teachers' Association, contains two articles of interest to Corsicana and Navarro county persons.

Miss Margaret Lowry, high school music teachers, is the author of an article titled "An Ear Adventure," which pertains to the teaching of music in schools as an advantage.

In connection with a program of the Central Division of the Texas State Teachers' association meeting in Temple on February 14 and 15, is a picture of G. H. Brown, Navarro county superintendent, who is also president of the Central Texas Division of the T. S. T. A.

The collection had been suspended several times by the late Gov. O. K. Allen since Jan. 9, 1935.

The suspension was by proclamation accompanied by a statement by the governor containing hint of possible action regarding the tax at the legislature session, which will last 60 days.

After the tax was imposed at the close of the last session, F. Long's special sessions 14 months ago, there was a strong protest, particularly in east Baton Rouge parish where the Standard Oil Company has a large refinery employing many workers.

After fiery protest meetings, the legislature of Long's direction authorized Governor Allen to suspend collection of four cents of the tax. Long said the Standard Oil had agreed to use more Louisiana crude.

## APPROPRIATION OF NEARLY BILLION IS ASKED FROM HOUSE

TREASURY AND POSTOFFICE SUPPLY BILL REPORTED BY COMMITTEE TODAY

WASHINGTON, Feb. 5. (P)—Appropriations of \$989,623,829 for treasury and postoffice department operations during the 1937 fiscal year was recommended to the house today by its appropriations committee.

Including more liberal postal service allowances in anticipation of increased business, \$400,000 for the federal alcohol administration recently put under the treasury, and a half a million dollars worth of new airplanes for the coast guard, the bill's total was \$2,581,568 more than the current year's allowance, but trimmed \$11,943,620 under budget estimates.

The postal service drew \$778,140,684—\$49,281,115 more than the current appropriation and \$5,768,465 under budget requests. The treasury granted \$211,483,145—\$19,699,544 cut under "comparable" current appropriations and \$6,175,155 less than budget figures.

These figures did not include \$1,405,640,300 of estimated permanent annual appropriations and trust funds for the treasury, embracing an \$89,800,000 increase over the present fiscal year's figures caused chiefly by an automatic addition of \$29,000,000 to the sinking fund and a \$63,000,000 increase in the amount for interest on the public debt. Regarding the interest allowance, the committee cited a decrease in debt carrying charges through refunding operations during the past 3 1/2 years from an average 3 1/2 per cent to 2 1/2 per cent for a \$290,000,000 saving.

More Apparent Than Real. The committee told the house that an indicated decrease of \$4,800,453 in treasury operating expenses was "more apparent than real," as it included \$1,499,190 for expenses under the emergency banking, gold reserve and silver purchase acts, \$562,510 representing transfers under the division of disbursements and the alcohol administration's allowance.

The treasury was allowed nothing for new building construction. The committee explained this would be considered later under public works in the deficiency bill.

Attention was called to two new special items: \$24,000,000 for payments to federal land banks on account of a reduction in interest rates on farm mortgages from 5.19 per cent on the average on June 30, 1935, to 3 1/2 per cent in 1936 and 4 per cent in 1937; and \$25,000,000 for subscriptions to the paid-in-surplus of federal land banks.

Larger Personnel. An increase of \$194,760 was allowed for more customs service personnel, and \$73,240 for more employees in the bureau of internal revenue under the alcohol tax unit.

The secret service was allowed \$1,050,450 an increase of \$187,260, to provide 50 more field operatives and other personnel. The coast guard, with \$24,020,570 was boosted by \$1,259,255, mostly for additional equipment and increased cost of operation. The public health service drew \$19,986,235—a \$9,208,668 increase, \$8,900,000 of which was for social security act expenses, including \$8,000,000 for grants to states.

For merchant marine contracts \$2,500,000 was granted—\$2,250,000 less than this year because of cancellation of one contract by agreement and "substantial savings" anticipated as a result of speed tests on ocean mail ships.

## ORGANIZED LABOR AND CAPITALISTS FIGHT COMMUNISTS

MONTERREY SCENE OF BATTLE AGAINST ALLEGED DICTATORSHIP PLANS

MONTERREY, Feb. 5. (P)—Organized labor and capitalists of this industrial capital of Mexico united today in a "shut down" and demonstration against what they called "an open attempt by communists to establish a bolshevist dictatorship."

Backed by 42 labor syndicates and by virtually every professional and social organization, owners of commercial and industrial establishments closed their doors for the two-day "shut down," which paralyzed the city's economic life.

Even bakeries and milk stores were closed. Few vehicles moved in the streets. The only plants functioning were those of the two daily newspapers, El Porvenir and El Sol.

A demonstration, in which its sponsors estimated 60,000 persons of the city's population of 135,000 would participate, was called for mid-day.

The outcome of the struggle informed sources considered vital to the economic future of Mexico. Federal troops were ordered to be ready to prevent disorders. Troops intervened last night to end one street fight between medical students and alleged communists.

Leaders of the "center of em-

ployers of Nuevo Leon" organized the parade and the shut down "in protest against the open activities of communist agitators from outside who are open trying to change the present regime and establish a bolshevist dictatorship."

Decide Strike Legal.

The immediate motive for the protest was a decision by the board of conciliation and arbitration that a strike in the "La Vidriera" glass factory was legal. The employers' Venter, asserting that only a communist minority of the factory workmen supported the strike, demanded the dismissal of Teofilo Perez as president of the conciliation board.

"The president and members of his cabinet have stated plainly that they are not communists and do not favor communism," a spokesman for the employers' group said, "but still the agitation continued through the country and it must be stopped if business is to continue."

Workmen Satisfied. "Workmen in Monterrey, the most important center of employment in Mexico, are satisfied with conditions, as is shown by the fact that they are backing the protest demonstration."

From its headquarters in Mexico City the General Confederation of Workers and Peasants, denying that communists were fomenting unrest in Monterrey, declared that workmen in that city "occupy last place among all those of the country in the question of rights and privileges to which they are entitled."

The employers' class of Monterrey, enjoying the support of industrial and commercial leaders and the press of all Mexico, has been able to create the false impression that workers are well

## SHAW DISSENTS ON VEGETABLE DIET AS PROPER FOOD

MIAMI, Fla., Feb. 6. (P)—The powerful elephant and the nimble monkey are regarded by George Bernard Shaw as the animal kingdom's two best arguments for vegetarianism.

A noble beast the elephant is, living many years, the playwright pointed out, yet it eat no meat. Noted for its liveliness, the monkey, too, follows a fleshless diet. That is why the 79-year-old writer, to whom meat is anathema, says he expects to continue thriving on the fruits of the earth alone. He made these dietary comments while feasting with Dr. John Harvey Kellogg, another vegetarian, last night.

Shaw was asked if he would publish a new play after the 75-day winter voyage.

"I hope so," he replied. He leaves today for Cuba, Panama and other tropical lands. Mrs. Shaw is with him.

treated" the confederation said. "x x The strike in the glass factory is xx important because for the first time the state has a governor who is in sympathy with the working classes."

Governor Morales Sanchez, after reviewing a workers' demonstration Sunday, telegraphed to President Cardenas that he was doing all in his power to "aid the justified demand of the proletariat."

## CLAIMANT TO STORK DERBY LEADERSHIP HAS TWELFTH BABY

TORONTO, Feb. 6. (P)—Babies were valued at \$500,000 a dozen today by Mrs. Matthew Kenney, self-designated leader in Toronto's "stork derby."

Mrs. Kenney gave birth Monday night to her 12th child since Oct. 31, 1926. That, she contended, gave her the lead in the \$500,000, ten-year baby-producing race.

Her three nearest rivals in the contest have nine children each, and the next three have eight each.

Mrs. Kenney said she was going to call her 12th baby Charles Vance Millar Kenney, in honor of the man whose death started the race, but the baby lived only a few minutes after birth.

Charles Vance Millar was a corporation lawyer who left an estate of about \$2,000,000.

After he died, his will was found to contain a bequest of \$500,000 and "any interest or profits thereof," to the Toronto mother who in the next ten years after his death had the most babies registered at the vital statistics office.

The ten-year period ends Oct. 31, 1936. Any infant who has had seven months life in embryo is eligible for registration at the vital statistics office, so the children do not have to remain alive after birth to count in the race.

Mrs. Kenney has seven children alive.

The three women who claim nine children each since October

## Navarro County Is Asked Co-operate Centennial Chorus

Plans are being made for a Texas centennial mass chorus on June 13 with many of the counties of Texas co-operating. G. H. Brown, Navarro county school superintendent, has been asked by state school authorities whether this county is to co-operate.

It also has been announced that a radio program featuring all of the songs which will be used in the Centennial celebration in June will be carried in a program Friday over the Texas Quality network at 11:30 a. m.

Sheriff Indicted On Negligent Homicide Charge at Orange

ORANGE, Feb. 6. (P)—Sheriff Fats Brown of Orange was under an indictment today charging negligent homicide in connection with the accidental killing of Weldon Teale last April.

Teale, 20, was fatally shot as he rode past a home near Orange in an automobile with friends. Teale's companions said the shot apparently was fired from a group of persons in front of the home. None of them, however, was able to say who fired the shot.

Frequent visits to Orange of two Texas rangers led to the belief state officers were investigating the case.

31, 1926, are Mrs. Joseph Bagnato, Mrs. John Nagle and Mrs. Arthur Timleck.

Mrs. F. O. Sessions and daughter, Elizabeth Ann, spent the week-end in Kerens visiting Mr. and Mrs. John Smith.

Roy Sessions spent Sunday night and Monday in Corsicana.

J. O. Sessions and family visited Mr. and Mrs. R. L. Jones of Trinidad Sunday.

## HOUSE COMPLETED REPEAL COMPULSORY FARM CONTROL ACTS

WASHINGTON, Feb. 5.—(P)—The house today passed the senate-approved bill repealing the compulsory cotton, potato and tobacco control acts.

Speaker Byrnes announced the roll-call vote as 351 for repeal to 10 against.

Further senate action will be necessary, however, to enact the measure, which President Roosevelt requested only a few days ago.

The house added an amendment to release from tax payments some 250,000 bales of cotton on which taxes were levied under the Bankhead act at the time of its passage but not paid while the cotton has been held for marketing by farmers.

The amendment was by Rep. Fulmer (D-SC).

The standing vote on repealing the farm statutes was 67 to 5. Republicans insisted there should be a roll call.

The repeal action was suggested by President Roosevelt in the light of the supreme court's invalidation of AAA.

The five voting against repeal on the standing count were Representatives Monaghan (D-Mont.), Marantonio (E-N.Y.), and three Wisconsin Progressives, Amlic, Gehrman and Withrow.

The house vote was delayed awhile for debate when the senate approved bill was called up for consideration.

The house Republicans were agreeable to granting unanimous consent for considering the repeal measure but said they wanted to discuss what Minority Leader Snell of New York, termed "about the only constitutional act" President Roosevelt had sent to congress.

Repeal of the Bankhead cotton, Kerr tobacco and Warren potato control acts was approved today by the house agriculture committee.

The senate already has passed similar legislation requested by President Roosevelt.

The house committee added a provision to Chairman Jones' (D-Texas) repeal bill to authorize the release of all cotton held under the Bankhead act on which the tax has been fixed but not paid.

## Olsen Names Foe As Man Who Incited Mrs. Liggett's Charges

ROCHESTER, Minn., Feb. 6.—(P)—Gov. Floyd B. Olson today named A. B. Gilbert of Mound, former Republican candidate for governor, as one of the men who incited Mrs. Walter W. Liggett to attack him in connection with the killing of her husband.

Testifying as a state witness in the trial of Isadore Blumenfeld (Kid Cann) for the machine gun slaying of Liggett, the publisher-widow asserted her husband would not have been killed "unless Governor Olson's gang ordered it or permitted it."

"So Gilbert wants me to name them, does he?" asked the governor today. Gilbert yesterday issued a statement in which he, like Mrs. Liggett, challenged the chief executive to name those the governor asserted had incited Mrs. Liggett's testimony.

## Dresden

DRESDEN, Feb. 6.—(Spl.)—There is quiet a bit of sickness in the community.

Those that are ill with pneumonia are John Blake, Grover Steward Melton, J. L. Furra and two children. The children are improving, but Mr. Furra is critically ill and so is Mrs. Herman Hitt.

Dora Cagle came home last Friday from the Gregg Memorial hospital in Longview where she underwent an operation recently.

Bud Melton suffered a light stroke of paralysis last Friday morning. Mrs. Melton is also confined to her bed.

Mr. and Mrs. Buster Haden of Alliance Hall visited in the home of R. K. Blake and family and J. L. Furra and family recently.

Mrs. T. T. Furra is reported ill.

Mr. and Mrs. Jim Cagle and children of East Texas are here visiting relatives.

The little son of Mr. and Mrs. Rueben Melton was carried to the hospital last week.

Richard Cheek and Lester Poe are able to be up and about after having been ill for the past week.

Buster Woodland has gone to Dallas where he has accepted a position.

Mrs. Lula Daniel has returned home from Louisiana. She was accompanied home by her sons, Malcolm and Leland, who spent the week-end here visiting relatives.

Mrs. Opal Phelps of Barry is here with her sister, Mrs. J. L. Furra.

L. M. Clark and Mr. Harrison were Corsicana visitors last Friday.

Mr. and Mrs. Zack Melton and family visited Bud Melton and wife Sunday.

Mr. and Mrs. Jim Brister of Barry were called here to be at the bedside of their nephew, J. L. Furra.

Jim Herring spent Sunday afternoon with Will Cheek, who is confined to his bed with a severe cold.

Billy Woodland was a Blooming Grove visitor last Saturday.

Mr. and Mrs. Mildred Fox and children of Blooming Grove visited Mr. and Mrs. J. C. Whiteside and Mrs. Herman Hitt Sunday.

Mr. and Mrs. Edgar Fox visited Mr. and Mrs. T. T. Furra Saturday afternoon.

Rev. Johnson of Purdon was visiting in the community Monday.

## SENATE MUNITIONS COMMITTEE RECEIVES BAD DEBT FORECAST

WASHINGTON, Feb. 6.—(P)—The senate munitions committee—all through with J. P. Morgan and his partners—was left today with the impression that the chances of collecting the billions in war debts in the near future are none too bright.

Thos. W. Lamont, a top-ranking partner in the House of Morgan, told the committee:

"I am sorry. I am unable to find for you a means of immediate payment."

Lamont had been pressed by Senator Vandenberg (R-Mich) for an answer as to whether the agreements with defaulting nations would permit conversion of the \$1,500,000,000 debt into marketable securities for sale to the public. The banker expressed the opinion only "fresh agreements" would hasten collection.

A late night session brought to an end the long questioning of the banking partners in a committee effort to find out the causes of war, and determine whether financial transactions with the allies had anything to do with the United States' entry into the last one.

The last session brought out evidence designed to show that the Morgan firm tried to have the treasury discharge a war loan made to Great Britain by the banking house.

## Frost

FROST, Feb. 6.—(Spl.)—Mrs. Cecil Johnson and sons of Corsicana are spending a few days with her parents, Mr. and Mrs. Everett Hightower.

Mr. and Mrs. Willie Youngblood spent Sunday in Waxahatchie with Mr. Youngblood's parents.

Feddle and Preston Sheppard were called to Plainview on account of the death of a sister, Mrs. C. G. Brown, who was killed in a car accident Wednesday.

Mrs. A. A. Sheppard is visiting her daughter, Mrs. Joe Speed, of Kerens.

Mrs. Joe Reid of Cleburne attended the funeral of Mrs. Glen Reid Thursday.

C. C. Hightower of Fort Worth visited his mother, Mrs. M. G. Blankenship Sunday.

Miss Thelma Cagle, who is teaching at Hamrock, spent the week-end with her parents, Rev. and Mrs. D. P. Cagle.

Miss Maudine Sharp, who has been teaching in the Barry school, has resigned to accept a place in the Goose Creek school.

Chas. Ray Jones and Miss Cybil Ellis, N. T. S. T. C. students, were home the latter part of last week, returning to Denton Sunday.

Jerry Sam Scott and Fabrum Magee of A. and M. College spent the week-end at home.

Miss Doris Marie Keithley and Joan Germany of C. I. A. spent the week-end at home.

Taffey Ellis and family of Dallas spent last week-end with his parents, W. O. Ellis.

Mr. and Mrs. E. J. Hightower carried their son, Jack, back to his school in Austin after a three weeks visit at home.

Elmer Baird has returned to Hillsboro after a pleasant visit with his parents, Mr. and Mrs. A. S. Baird.

## FIVE INJURED IN HEAD-ON CRASH OF TWO AUTOMOBILES

FROST, Feb. 6.—(Spl.)—An automobile crash which came near taking the lives of five people happened near here early Sunday night when the car driven by James Laney, Jr., collided with a parked car owned by Lee Langford of Mertens. Due to the heavy fog Langford, who was traveling west to his home in Mertens, stopped to clean his windshield. Unobserved by young Laney the cars hit head-on, throwing a companion of Langford's clear of the car, with numerous injuries. Langford was uninjured.

In the Laney car were Eugene Bruner and Misses Milla Mae Gill and Wynona McMillin, girls of the Frost high school. All four were seriously injured. Passing cars brought the quintet to the Frost hospital where they received medical aid.

The Laney car, a V-8 Ford, was completely demolished. Young Laney is a freshman in the Hillsboro Junior College, and was at home spending the week with his parents, Editor and Mrs. J. E. Laney.

## WHEN DOES A NEW CENTURY BEGIN IS CAUSE OF DISPUTE

AUSTIN, Feb. 6.—(Spl.)—When does a new century begin? Did the twentieth century begin January 1, 1900, or January 1, 1901?

This question was recently proposed to a class in the history of Ancient Greece at The University of Texas, by Dr. F. B. Marsh. Half the class voted January 1, 1900, while the other half would not commit themselves.

"You're all wrong," Dr. Marsh said. "It's January 1, 1901!" "There's no such thing as a zero year," he added. "Did you ever stop to think of the year 1 A. D.? Now think about 100 A. D., and you'll see only 99 years passed between January 1, 1 A. D., and January 1, 100 A. D."

Therefore, January 1, 101 is the date that marked the exact passing of the first century after Christ. Therefore the twentieth century began January 1, 1901.

## Civil Docket For County Court Set

Following is the setting of the civil cases in the county court of Navarro county, Texas, January term, A. D. 1936:

Seventh Week.  
(Jury)  
Monday, February 17, A. D. 1936.  
5217—A. C. Davis vs. A. S. Waters and Coy. Ellis.  
5206—B. F. Avery and Sons v. Flow Co. vs. Olivia Jefferson.  
5314—First National Bank n. k. Frost, Texas, vs. F. C. Butler, et al.  
5374—Will Goldman vs. Hugh Cummins.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

SAVE BY MAKING FROCK FOR  
ALL-DAY-AT-HOME WEAR  
Pattern 2665

by Anne Adams

Such a gay young frock — and one that's crisp and fresh looking from morn till night! And, with all its serviceable features, it achieves a very dressed up, feminine look. "There's a ruffle round my shoulder" sings the happy woman who chooses to make this frock her own, and indeed, the pretty self or contrasting ruffle which edges the yoke and simulates a deep collar is but one easy feature of this quickly-made frock. An added inducement lies in the fact that yoke and skirt panel are just one long continuous line, which insures easy cutting, fitting and stitching—and isn't that center panel height-giving, as well? Slash or puff your sleeves, but do choose a spring-like cotton or silk.

Pattern 2665 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30 and 40. Size 18 takes 3-7 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write your name, address and "716 number. Be sure to state size.

Be sure to order Our Spring Pattern Book for smart new clothes that'll fit you and your needs to a "T" Gay, practical frocks to cheer you at work. Lovely party frocks and sports clothes to flatter you at play. Collars, blouses, skirts for multiplying costumes. Chic slenderizing styles. Pattern for tots. Flag and necessary notes. Price of Book Fifteen Cents. Book and Pattern Together, twenty-five cents. Address orders to the Daily Sun Pattern Department, 248 W. 17th Street, New York, N. Y.

## HIGHWAY PARKS OF SMALL DIMENSIONS THROUGHOUT TEXAS

AUSTIN, Feb. 6.—(Spl.)—A centennial year development which will pay dividends in pleasure and comfort for highway travelers for many years to come is under way throughout the state. It includes the construction of approximately 200 "pocket-sized" highway parks which are being developed by workers under the National Youth Administration in the state in conjunction with the state highway department.

The small parks, several of which have been completed, will dot the main highways of the state, offering places where the tired motorist may rest, play, and eat. Each park, separated from the highway by low stone walls, will contain a stone barbecue pit, stone benches and tables. Drives will be graveled and trees and shrubs will be set out. A few of the parks will be less than one acre in size, but most of them will be from three and one-half to six acres in extent.

The idea for the highway parks

## News of County Home Demonstration Clubs

Oak Valley.  
The Oak Valley Home Demonstration Club will have their regular meeting at the home of Mrs. Beden Owen, Feb. 10. We urge all our members to be present as our agent will be with use.

—Reporter.  
is said to be strictly a Texas development and the parks are expected to find favor especially with the thousands of motorists from other states who will pass over the Lone Star state's splendid highway system during centennial year.

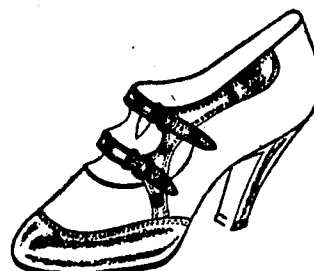

Several thousand Texas youths, many of whom will be working for their first pay checks, will be given employment on the development of the highway park system, according to Lyndon B. Johnson of Austin, state NYA director.

## CONSTRUCTION OF SWIMMING POOL AT STATE HOME SOON

Approval of the construction of a swimming pool at the State Home as a PWA project has been secured and work will be started just as soon as weather conditions will permit. It was announced Thursday morning by J. S. Halley, superintendent of the Home. The pool will cost approximately \$7,000 and the expense of the construction will be borne \$50-50 with state and PWA funds.

The pool will be located on a vacant lot just north of the machine shops and will be an open affair temporarily. It is being arranged so that it will be included in a gymnasium when the funds are secured for that purpose.

The pool is modern in every particular and shower baths are included for both boys and girls. A concrete petition will be placed between the deep and shallow water for the protection of the smaller children of the institution. The pool is a rectangular affair 40 by 80 feet.

Grover Crowden will supervise the work for the state and B. C. Bredthauer is the PWA man in charge of the work.

## Courthouse News

District Court.  
James Taylor, negro, was found guilty by a jury in the district court Wednesday afternoon to an indictment for theft of two turkeys from J. A. Horn of the Elmhouse community, Jan. 4, and was given eight months in the penitentiary. The defendant Wednesday morning was given eight months' sentence for the theft of one turkey from Mr. Horn.

Sheriff's Office.  
One was arrested Wednesday afternoon by Deputy Sheriff J. M. Westbrook and City Detective Chief Bruce Nutt in connection with the burglarizing of a barn belonging to Mr. Vandergriff several miles east of Corsicana last week end. A saddle was stolen at that time and was recovered near Navarro by the officers Wednesday afternoon. A formal charge of burglary and theft will be filed Thursday. Sheriff Rufus Pevhouse stated Thursday.

Warranty Deeds.  
F. G. Hamilton et al to Sam Szenasy, 160 acres Rachel White survey, \$12,000.  
H. C. Price et ux to the Federal Land Bank of Houston, Texas, 103 1-3 acres H. T. and B. R. R. Co. and M. Boren surveys, \$4,000.  
Justice Court.  
One was fined on a speeding charge late Wednesday by Judge W. T. McFadden.

## MOTHER CHARGED WITH MAYHEM UPON DAUGHTER MISSING

SAN FRANCISCO, Feb. 6.—(AP)—Whereabouts of Mrs. Maryon Cooper Hewitt, one of three persons accused of mayhem in the sterilization of her daughter, Ann Cooper Hewitt, puzzled authorities today.

From New York police came word Mrs. Hewitt had checked out of her hotel, leaving a London forwarding address. Hotel officials, however, said the woman in question was not Mrs. Hewitt. Mrs. Hewitt's New Jersey attorney, William V. Breslin, said his client "has not left the country, has no intention of leaving the country, and will meet the charges when they are presented to her."

Complaints signed by Police Inspector George Engler named Mrs. Hewitt and Drs. Samuel G. Boyd and Tilton E. Tillman, both of whom appeared at the hall of justice here yesterday and were released on \$250 bond each. It was the 74-year-old Dr. Boyd who performed the operation upon Miss Hewitt in August, 1934. Dr. Tillman assisted.

Mrs. Hewitt, the two physicians, Mrs. Mary Scally, city psychologist, are co-defendants in a \$500,000 damage suit filed by

Miss Hewitt, daughter of the late inventor, Peter Cooper Hewitt. The girl charged her mother tricked her into the operation so Mrs. Hewitt might benefit from the girl's inheritance.

## DREAM PROFITS

Americans, of all people, should know by this time the hollowness of war industry profits. It is in the very nature of things.

Wealth comes from accumulation of useful and desirable things. War munitions are shot away and used up without producing any wealth, but destroying wealth even while they destroy themselves. In trying to pay for them the fighting nations impoverish themselves and inflict loss on the nations they buy from. And with their buying power gone, they are lost as markets for peaceful goods.

It should hardly be necessary to point out to any American the concrete facts supporting these general statements. They are part of the history of the World War, through which this country made more dream money from war munitions than any other country ever made — and lost it again many times over.

The factories and farms that poured our material wealth into Europe in the big war seemed to benefit, because at first the foreign governments paid, and later our own government provided the credit and paid the bills for itself and the allied governments. But that left a vast foreign debt, which is not paid yet and never will be paid by the debtor countries. So our people are carrying it, and the very business concerns that sold the war stuff are paying heavy federal taxes for interest on the debt, and eventually must pay their share of the principal. On top of all this is the far greater debt incurred by our own war participation, into which we were dragged by our munition business as much as anything.

Those World War munitions we shipped to Europe came out of our country's economic blood. No wonder business and agriculture turned anemic. Any great export of munitions now or hereafter will probably come also, directly or indirectly, out of our economic blood, hurting even the economic groups that imagine they can profit by it.

## CO-OPERATIVES

A report in a recent issue of the Egyptian Gazette tells of the steady growth of co-operative societies in that land. There are now 676 such organizations with a total membership of 64,607, and a paid-up capital of 185,000 Egyptian pounds. These co-operatives include workers' productive societies, consumers' societies, agricultural societies, marketing groups, and so on.

About the same time, from Shanghai comes news that rural co-operative societies are making slow but steady progress in China. Today there are 14,649 such organizations; there were 5,335 in 1933. In the same years, the number of members has increased from 184,578 to 557,531.

A search of the encyclopedia, inspired by these statements, discovers this paragraph:

"Data collected by the international labor office for 1930 indicated the continued growth of the co-operative idea in the countries of Europe. In a number of the European nations, particularly in Bulgaria and Great Britain, the central consumers' co-operative organization was the most important single business in the country."

The largest flour mills in days.

## JUST FOLKS

(Copyright, 1935, Edgar A. Guest.)

## CONQUEST.

This was his success at last:  
Not the money that he made,  
Not the shadow that he cast  
In the busy marts of trade,  
But a patch of ground, green  
Grassed,  
Where his children played.  
All that he had ever earned  
Found itself again re-told  
In the fires which brightly burned  
On his hearth when nights were  
Cold.  
And the garden where he turned  
Earth to nourish marigold.

In the happy lives of those  
Who had trusted him he found  
Every joy a mortal knows.  
On that little bit of ground  
Bloomed the peony and the rose,  
And with love his life was  
Crowned.

Men and women strong and true  
Speak of him today with pride;  
From the work he had to do  
Never once he turned aside.  
And a great soul passed from  
view  
On the morning when he died.

## NATIONS APART.

The dictatorships in many lands today, particularly in Germany and Italy, are aiding the isolationists and hampering the internationalists. Hamilton Fish Armstrong, editor of foreign affairs, speaking at a dinner in honor of the "University in Exile," said he felt baffled by recent changes in the political life of Europe. It is extremely difficult to maintain friendly understanding between two nations whose political ideas are rapidly drawing farther apart. "Law," "justice," "sport" and "religion" are words with quite different meanings in fascist countries and in the United States. Any helpful "meeting of minds" is made impossible when there are censorship, compulsion and political exile or imprisonment on one side.

In this situation the important thing for people to do in a free land like ours is to defend more vigorously than ever their freedom of speech, press and assembly, to take more pains to understand and strengthen the great principles which are our government's foundations. Then, when some day the dictatorships are overthrown, there will still be in the world an example of self-government to encourage and guide freedom-seeking peoples.

## FARM ROADS

American road-builders tell the world that they're "pulling the nation out of the depression by pulling the farmer out of the mud." There may be something to it.

Farming, to a large extent, has been literally stuck in the mud. Most farms are on back roads, and modern paving has mostly stuck to main highways. Vast improvement comes to farm life and farm economics in general by merely bringing the farmers roads that give them mudless, year-round access to the city and give the city the same access to them.

That is, if the roads don't cost the farmers too much. There have been too many cases where so much construction cost was assessed against farm property that it ate up the farms. By this time the injustice of putting all or most of the paving cost on adjacent property owners, instead of levying most of it on the whole community is better recognized.

## FACTORY EXPANSION

Residential building, far below normal for several years, is necessary and important, but the most hopeful sign lately is the new wave of industrial construction.

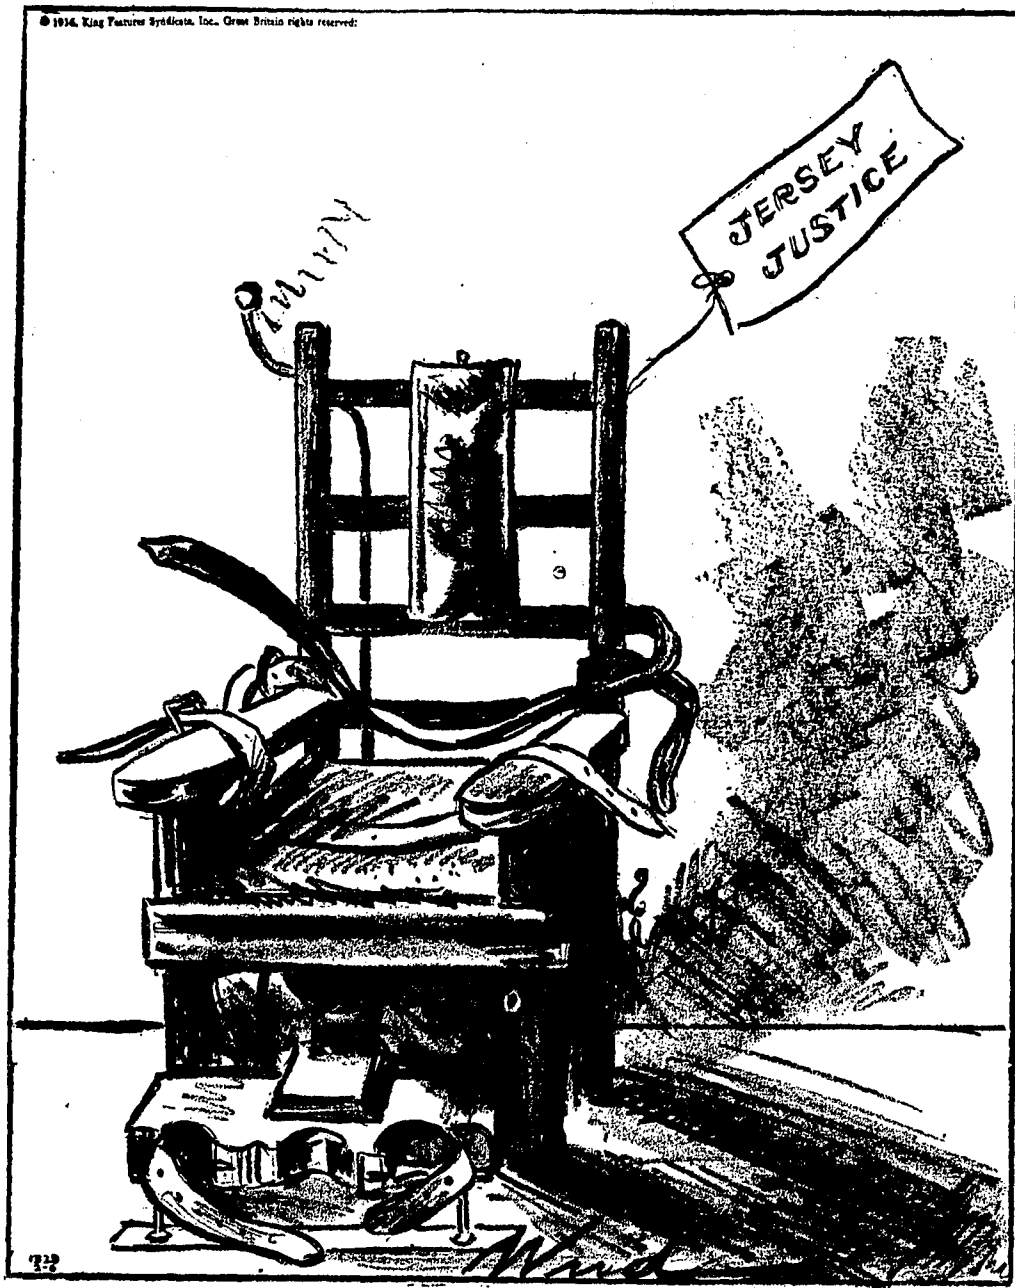

Factories have begun to expand again. According to the National Machine Tool Builders' Association, nearly \$1,000,000,000 worth of new building and equipment started in the last six months—more than at any time since 1929. The steel

Europe are owned by the Swedish Co-operative Union. A Glasgow society owns the largest European bakery. A book soon to be published tells of the movement in America.

The growth of this movement apparently goes right ahead regardless of the economic and social problems with which governments struggle. Perhaps the world is going to be run by co-operatives one of these

## SHORT CIRCUITED!

—By Clive Weed

industry has led with an expenditure of a quarter of a billion, for modernization of plants and installation of new machinery. The automotive industry came next with a hundred millions or more. All the big industries are following, enlarging and modernizing their facilities to supply the new demand already started and keep pace with it as general recovery proceeds. The machine tool industry itself, which provides the modern machinery with which other big industries operate has done considerable expanding. The railroads themselves are an important factor, spending more liberally than for many years for both construction and equipment.

So strong is this movement and the spirit of hopeful expectancy behind it that it seems to ignore the usual bearish effects of a presidential campaign year. The general feeling is that nothing can stop recovery now.

## WINNING ZEPHYRS.

The Zephyr trains installed experimentally by the Burlington railroad are making good and paying their way. So the Burlington is adding two more to the five already in service.

The statistics of that spectacular experiment in modern railroading are impressive. Up to the end of the year those five Zephyrs had traveled a total of 873,000 miles and 8,473,000 passenger-miles. The most impressive fact is that the use of the new trains by passengers was more than double the use made of the trains they displaced.

It is evident that people will still ride on the railroads in profitable numbers if the trains compete intelligently with automobiles in speed, comfort and style. So rail transportation is not doomed, after all. It will revive, and in doing so it will generate new industries.

Already this process is seen in the growing demand for Diesel motors and stainless steel. The two Zephyr trains will have more such steel in them than the whole five already built.

## FORTY MEN GO TO WORK TUESDAY ON MEXIA WPA PROJECT

MEXIA, Feb. 5.—(Spl.)—Forty men went to work Tuesday morning on Mexia's first WPA project. They will meet at the relief office, be trucked out on the Groesbeck road one-half mile, and there set up a rock crusher which eventually will employ 80 men and provide macadam for five miles of Mexia streets.

City Manager H. F. Mace, has been advised by WPA authorities in Palestine that the project has been approved and ready to start. The forty men will start Tuesday and then forty more two weeks later as truck contracts are approved. The city has purchased a rock crusher and electric power will be used to drive it. The rock will be hauled to the streets of Mexia, probably beginning on South Bonham street. There is to be another early on the program, and many dirt streets are to be given the rock treatment 20 feet wide and eight inches deep.

## One of Oldest Texas

Masons Dies in Paris  
PARIS, Texas, Feb. 4.—(P)—Death of John T. Henley removed from the Masonic order one of its oldest members in Texas.  
The civil war veteran and former treasurer of Lamar county died yesterday. He would have been 89 March 16. He had been a Mason since April 24, 1858.  
Funeral services were arranged for this afternoon with the Masonic lodge in charge and the Knights Templar as escort of honor.

## Locally Owned Dogs

Continue to Win  
GOLIAD, Feb. 5.—(P)—Smiley Ginger, setter dog owned by D. E. McDaniels, captured first place in the open all-age competition at field trials held here yesterday.  
Carolyn Franks, owned by R. T. Weber, took second place and Sids Ferris Flirt, pointer bitch owned by Edens and Crawford, Corsicana, placed third.  
In the open derby, Mischfield's Achilles, pointer dog won first prize; Spunk Creek Ace, owned by Edens and Crawford, second, and Bills Jake pointer, owned by W. C. Bowles, third.

## Laxative combination

folks know is trustworthy  
The confidence thousands of parents have in good, old reliable, powdered Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. . . . Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodore's Black-Draught (powder) about thirteen years, taking it for ailments, Black-Draught acts well and I am always pleased with the result. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

## BLACK-DRAUGHT

## Clark E. Butler Distributor For Chrysler Autos

A change in dealerships for Chrysler and Plymouth automobiles in Corsicana was effected recently with Clark E. Butler succeeding Drane & McKee as distributors of the popular vehicles.  
Salesrooms will be maintained in the same location at the corner of West Third avenue and North Main street, and models of the various types of the Chrysler and Plymouth lines will be on display at all times.  
Mr. Butler was reared in Corsicana and has been engaged in the automotive sales business for a number of years. W. T. McKee will continue to be associated with the new dealer, bringing to his assistance more than a quarter of a century of automobile experience.  
The new firm will be distributors for both the Airflow and Airstream Chrysler models, and the entire Plymouth line.  
"It will be the purpose of our firm to give the people of Corsicana the same service and satisfaction which our products give to their owners," Mr. Butler announced.

## Leaves For Eastern Markets to Purchase Goods for K. Wolens

Max Wolens left today for New York City where he will join Louis Wolens, who is now in the Eastern markets, where the spring and summer purchases for the K. Wolens Department Stores will be made.  
Mr. Wolens is very optimistic over the bright prospects for the new year, and said that purchases for the 17 stores of the K. Wolens organization will be made accordingly.  
Both of the Wolens buyers will be in New York for several weeks.

## LARGE SUM IN TAXES PAID BY RESIDENTS OF NAVARRO COUNTY APPROXIMATELY THREE-QUARTERS OF MILLION REPORTED COLLECTED

Navarro counties paid taxes last year in excess of \$700,000, according to figures furnished by J. M. Tullos, county auditor, in his report to state officials at Austin for the year ending, June 30, 1935. This only includes, the county and the cities of Dawson and Corsicana, and does not include other incorporated communities and a number of independent school districts. The combined figures would likely equal if not surpass the three-quarter million dollar mark if available. The law requires the reports of all departments of the counties to make reports to the county auditor, but this has not been done in a number of instances, County Auditor Tullos pointed out Wednesday morning.

The total amount of county taxes was \$317,722. The road and bridge amounted to \$29,713.59 and the general, jury and other funds amounted to \$61,239.07. Interest and sinking fund for the road and bridge department amounted to \$102,456.

Total state collections amounted to \$137,247.81. The interest and sinking funds of Corsicana and Dawson amounted to \$129,305.85, while the general fund collections totaled \$28,478.25, a total of \$155,784.13. Independent school district reports, \$84,072.86, common school districts amounted to \$91,831.44; road districts totaled \$130,587.83 and levee improvement districts amounted to \$36,433.06. Total interest and sinking funds were \$319,022.19, while for the general fund and other purposes, the amount was \$308,922.16. The grand total was \$717,634.35.

Delinquent taxes for the past year amount to \$191,311.40. Delinquent school taxes for former years was reported at \$20,022, making a grand total of \$212,333.40.

Outstanding indebtedness included in the report totals \$5,144,365 with sinking funds of \$441,503.40 for the retirement of bonds and interest. The report shows there are no outstanding current or time warrants against Navarro county.

Following is the indebtedness and the interest and sinking funds:

County road and bridge	\$8,000	\$15,255.64
Cities and towns	179,400	240,441.64
Independent schools	34,100	1,275.83
Common schools	205,765	42,717.23
Roads	2,504,000	138,633.45

The outstanding road district indebtedness last year was \$2,600,500, while this year it is \$2,504,000, a reduction of \$96,500.

Outstanding bonds of levee improvement districts last year were \$600,500 and this year, \$598,500, a reduction of \$2,000. Bond debts of common school districts last year were reported at \$212,780 as compared with \$205,765 this year, a reduction of \$4,925.

Sick and Convalescent.  
Dr. McMullan, pioneer resident of the Chatfield community, was taken to a Temple hospital for treatment early Wednesday morning. The trip was made in a Corley ambulance.

## Faithful Servant Major Littlefield Died at Age 105

AUSTIN, Feb. 4.—(P)—"Uncle Nathan" Stokes, 105, faithful slave-born servant of the Major George Littlefield family, today lay beside the bodies of his masters in Oakwood cemetery.  
As a lad, Nathan became known as "Major Littlefield's boy." He accompanied his master to war when the major served in Taylor's Rangers. He rescued his wounded master from a Mississippi battlefield.  
Death and not emancipation ended his faithful service to the family which continued actively until Mrs. Littlefield's death last year. Maj. Littlefield's will provided for Nathan's care and burial in the family lot.  
Officers of the American National Bank, which Maj. Littlefield founded, were pallbearers.

## CORSICANA DAY AT FAT STOCK SHOW IS SET FOR MARCH 14

Corsicana Day at the Southwest-ern Exposition and Fat Stock Show at Fort Worth will be observed on Saturday, March 14, the second day of the annual presentation, according to arrangements completed recently by A. F. Mitchell, secretary-manager of the Corsicana Chamber of Commerce, and John B. Davis, secretary-manager of the exposition.  
Mr. Davis informed local officials that interest in the fortieth annual presentation had developed earlier and over a wider area than ever before. Premium lists have been increased, new thrills provided in the rodeo, and new classes added to the horse show.  
Sun Wants Ads bring results.

## Sore Gums-Pyorrhea

Foul breath, loose teeth or sore Gums are disgusting to behold, all will agree, LET'S PYORRHEA REMEDY is highly recommended by leading dentists and never disappoints. Druggists return money if it fails.—McDonald's Pharmacy.

## FLOWERS for your VALENTINE

WHAT Valentine could hope to cope with the breath-taking beauty of a bright bouquet? make certain of her hand heart, Say it With Flowers.

## When you deposit in this bank

—numerous financial services and safeguards become active in your behalf.  
ALL the physical facilities, experience, obligations, and legal requirements of present-day banking play a part in making your money secure against loss.

For instance, all cash deposited to your checking account and all checks which have been collected and credited, are available on presentation of a properly-drawn check, either by yourself or other duly authorized person. Outside of banking premises or hours, your check is ordinarily as acceptable as cash in transacting your business. You are enabled to make, or receive remittances involving distant places.  
Sound banking makes these services and conveniences possible.

## The State National Bank

CORSICANA, TEXAS  
Member Federal Deposit Insurance Corporation.

## A Welcome to Newcomers

If you have come to the community within this past year, or if you have acquaintances who are newcomers, we may be able to be of more than ordinary usefulness.  
Our knowledge of local conditions and our many contacts and friendships can be of use to you both as a business man and as an individual.  
And to all—newcomers and old residents alike—who have any reason to deal with a bank, we suggest drop in and get acquainted!

## The First National Bank

Corsicana, Texas  
"THE OLD RELIABLE, SINCE 1868."  
United States Government Depository.

## DATES ANNOUNCED FOR TWO ONE-DAY COMMUNITY MEETS

Dates for two one-day community short courses were announced Thursday by C. C. Morris, county agent, and W. H. Frost, county agent, at the Union High school building Monday, and Tuesday. Efforts were being made to arrange other meetings but no definite announcements could be made yet, according to the agent.

The meetings will be held from 10 a. m. to 3 p. m. at Frost in the picture show building Monday, and at the Union High school on Tuesday.

L. J. Miller, extension service agronomist, is scheduled to speak on "Crop Rotation in Relation to Soil Fertility and a Balanced Cropping System."

George McCarthy, assistant poultry specialist for the extension service, will speak on "Part of Poultry in a Well Balanced Farm Program."

The county agent is scheduled to talk on "Farm Planning and Need of Livestock to Supply Home Needs."

Adequate Family Food Supplies and "Yard Improvements" are scheduled to be presented for the members of the home demonstration clubs, according to Miss Ruth McNabb.

## LOST LAWS

(Continued From Page One)

attorneys before the court, criminal appeals; and Max Rogers, district attorney of Huntsville.

They argued that the courts had the right to go behind the enrolled bill in the secretary of state's office and determine the legislature's intent. Even if the omitted statutes should be stricken down, prior laws against the same offenses would become effective, he contended.

Not Signed By Governor.

McKinney took the position that the laws omitted were not enacted into law because they were not included in the enrolled bill in the secretary of state's office. He made a further point that they were omitted because the governor did not sign them.

He said Gov. Miriam A. Ferguson affixed her signature to the incomplete copy.

Copeland, 43-year-old convict from Seymour, was unconcerned through virtually all the proceedings. He showed interest only in the judge's decision.

Judge Dyer expressed the opinion that the state's position in regard to validity of the incest statute might be stronger than that relative to other laws because the legislature in 1923 repealed the incest statute by amending it.

He said the appellate court might pass only on the incest law and subject subsequent test cases might have to be brought on other statutes.

HUNTSVILLE, Feb. 6.—(P)—State attorneys assembled here today to fight for the lives of Texas' 150 lost laws in a test case before District Judge W. W. Dean.

Through a binder's error the statutes, which outlaw a variety of offenses, were omitted from the official copy of the 1925 codification of the state's criminal laws. The mistake of 11 years ago was discovered last week by attorney for a law publishing company who was looking through the archives in the office of the secretary of state at Austin.

Attorney General William McCraw came from Austin to direct the case for the state. He was aided by Scot Gaines and Earl Street, assistant attorneys general, Lloyd Davidson, state's attorney before the court of criminal appeals, and Max Rogers, district attorney here.

State Representative A. T. McKinney of Huntsville was the lone opposing counsel. He emphasized that the suit was purely a friendly one and that the state was not raising all possible issues so that the question of validity of the laws might be settled finally.

McCraw said he would contend that a mechanical mistake can not supersede the will of the legislature.

"The facts that the articles in the copy in the secretary of state's office are not numbered consecutively and that the state knows that something is missing should convince anyone that the legislature did not intend to omit the statutes in question," he said.

"The measure, as deposited in the secretary of state's office, is an absurdity," he contended, "and its general repealing clause repealing all laws not embraced therein could not have the effect of giving standing to an absurdity."

The case of T. J. Copeland of Seymour, serving a two year sentence for incest in the state penitentiary, was selected for the test. The law against incest was one of the omitted statutes, and Copeland is seeking his freedom on a writ of habeas corpus. He maintains that he is being "illegally restrained of his liberty."

Regardless of the decision here, the case will be taken to the court of criminal appeals as quickly as possible. If Copeland should be successful in the higher court, would mean that approximately 40 convicts in the state's prison system would gain their freedom.

Some lawyers have suggested the possibility that the entire criminal code might fall. They raise the question that the governor must sign or veto all bills except appropriation bills in their entirety, and that in this instance the courts might hold that Governor Miriam A. Ferguson signed the penal code only in part since she affixed her signature to the faulty copy in the secretary of state's office. State's attorneys said, however, that such a view contained "no merit whatever."

Of the approximately 500 copies of the code, the one in the secretary of state's office is the only one which is incomplete, attorneys say. The suit contended that had copy was selected as the official one, although the chances were several hundred to one against it.

## MINERS

(Continued From Page One)

tive council only a few weeks ago instructed William Green, president, to investigate whether the by-product workers could establish a union that would stand on its own feet.

Observers predicted that such a move would open a new battle between John L. Lewis, of the mine union president, and A. F. of L. craft union chieftains.

## Income Tax In A Nutshell

**WHO?** Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

**WHEN?** The filing period begins January 1 and ends March 16, 1936.

**WHERE?** Collector of internal revenue for the district in which the person lives or has his principal place of business.

**HOW?** See instructions on forms 1040A and 1040.

**WHAT?** Four per cent normal tax on the amount of net income in excess of the personal exemption, credit for dependent, dividends of domestic corporations subject to taxation, and interest on obligations of the United States and obligations of instrumentalities of the United States. Surtax on surtax net income in excess of \$4,000.

## Income-Tax Don'ts

**DON'T** prepare your return without first studying the instructions on the form.

**DON'T** procrastinate. Early assembling of data permits a careful consideration of all tax problems.

**DON'T** destroy the memoranda from which your return was prepared.

**DON'T** omit explanation when such information is essential to an intelligent audit. Attach memoranda to your return.

is not more than \$3,000, the entire net income is considered to be earned net income.

## NATION'S COLD

(Continued From Page One)

32; Duluth, Minn., 124; Aberdeen, S. D., 21; Sau Claire, Sls., 19, and Chicago -7.

**Worst Traffic Since Wood-Burners**

CHICAGO, Feb. 6.—(P)—The worst traffic tangles since the iron horse was a snorting colt snarled the nation's railway schedules today as locomotives ploughed into the third wave of snow-drifts and bitter cold.

Except for the days of the old wood burning engines, veterans of the rails could recall no period that compared with this for long continued delays.

Trains stood snowbound for days at stretch, traffic was cut off completely at some points, and schedules everywhere east of the Rocky Mountains were delayed from a few minutes to 14 hours.

The speediest of the iron greyhounds, the New York Central's 20th century and the Pennsylvania's Broadway Limited, were slowed down with the rest.

The Century was three and a half hours late on Sunday—slowest run in its history.

Locomotive boilers shrank from zero to 100, and firemen worked furiously to build up steam. Brake valves froze. Grease congealed in bearings. Friction caused frequent "hot boxes."

A Chicago and Northwestern train took a lowering drift near Jackson, Wis. Monday night. The boiler froze. There was not heat nor food for the 89 passengers until two relief engines reached them yesterday.

All through that region trains ran from two to twelve hours late. Other runs were cancelled altogether.

## FARM BILL

(Continued From Page One)

secretary of agriculture to grant subsidies to growers to preserve soil fertility and follow other production methods laid down by the secretary.

However, any state could come in under the plan immediately, thus gaining the right to name agencies to administer it, subject to the secretary's approval. On or before Nov. 1 each year, the secretary would grant the states money to carry out their plans during the next calendar year.

The new bill, described as similar to the ones measure in the house but containing somewhat different language, emerged from committee about the time the house was following the senate in voting to repeal three old farm control plans—the Bankhead cotton, Kerr-Smith tobacco and potato control acts.

(All three contained a system of taxes on "excess" production, designed to limit crops. They are being wiped out because the AAA, to which they were auxiliary, was invalidated.)

The house voted late yesterday, 351 to 10, to erase them from the statutes but the repealer must go back to the senate for consideration of a house amendment cancelling taxes assessed under the Bankhead act but not yet paid.

The administration's new farm plan is estimated to cost \$500,000,000 a year, but a white house conference last night reached no conclusion as to methods of taxing to raise that amount.

Through soil conservation, involving, among other things, the retirement of land from commercial crops to soil-building growths, the administration hopes to reach its aim of "balanced" production.

The house voted late yesterday, 351 to 10, to erase them from the statutes but the repealer must go back to the senate for consideration of a house amendment cancelling taxes assessed under the Bankhead act but not yet paid.

The administration's new farm plan is estimated to cost \$500,000,000 a year, but a white house conference last night reached no conclusion as to methods of taxing to raise that amount.

Through soil conservation, involving, among other things, the retirement of land from commercial crops to soil-building growths, the administration hopes to reach its aim of "balanced" production.

## FARM BILL

(Continued From Page One)

secretary of agriculture to grant subsidies to growers to preserve soil fertility and follow other production methods laid down by the secretary.

However, any state could come in under the plan immediately, thus gaining the right to name agencies to administer it, subject to the secretary's approval. On or before Nov. 1 each year, the secretary would grant the states money to carry out their plans during the next calendar year.

The new bill, described as similar to the ones measure in the house but containing somewhat different language, emerged from committee about the time the house was following the senate in voting to repeal three old farm control plans—the Bankhead cotton, Kerr-Smith tobacco and potato control acts.

(All three contained a system of taxes on "excess" production, designed to limit crops. They are being wiped out because the AAA, to which they were auxiliary, was invalidated.)

# EMMETT GIRLS WON Y BASKETBALL TOURNAMENT TITLE WEDNESDAY

## NAVARRO COUNTY UTIL CLASS B BASKETBALL TOURNNEY BE HELD FRIDAY

### NAVARRO LASSIES ANNEXED THIRD PLACE OVER RICE NINETEEN TEAMS STARTED COMPETITION IN Y TOURNEY

Emmett high school's girls annexed the 1936 Y. M. C. A. invitation basketball tournament title here Wednesday night, by defeating Emhouse 29-20 in the final game, after Navarro had clinched the third place crown by pulling a 27-21 game out of the fire with Rice. Nineteen teams opened the third annual tourney Saturday, Jan. 25 and in a leisurely schedule followed it to its completion last night.

The first round of elimination was completed on the opening date; the quarter-final games were closed up last Friday, Jan. 31, and the semi-final games were played last Saturday, Feb. 1, with Emmett, taking Rice into camp to the tune of 21-15, and Emhouse nosing out Navarro 11-10.

Close Contests  
The two semi-final and the final and third games were four of the closest and hardest fought games played between girls teams on the Y court in several years, and were far from being set-ups for the favorite teams.

In their title march, Emmett defeated Wilson 32-18 in their first game, and then took a 30-25 decision from Barry in the quarter-final. They then defeated Rice 21-15 in the semi-final event last Saturday night. Emhouse's first victory was over State Home, which was a mere breeze (38-4) for Emhouse. The second-place team then had but little more trouble vanquishing Frost 35-24 in the quarter-final game. They eked out a 11-10 win over the semi-final.

Navarro took Mildred in by a 42-14 score in their first game, and then really pulled out the fire with a sensational 23-21 win over Bryan in the quarter-final. Rice, playing one more game than any of the other three semi-finalists, defeated Blooming Grove in the tourney's first game 21-14, and on the same day went one-up with a 25-17 march over Pickett. Bazette fell under the Rice spell 27-14 in the quarter-final event.

Reverend's Scoring Ace  
Cathie Pevehouse, of the tourney's outstanding forwards, led the scoring against Emhouse last night, by finding the hoop for 9 field goals and one free throw, for a total of 19 points. Not in the tourney's first game 21-14, and on the same day went one-up with a 25-17 march over Pickett. Bazette fell under the Rice spell 27-14 in the quarter-final event.

Emhouse started the game in a whirlwind of speed and for the first quarter and most of the second played Emmett performers in their feet. Emmett pulled out to the leading position by a point or two in the third, and when Miss Wetzel, Emhouse guard, was called out on fouls in the third, Emmett's offense took a spurt, and pulled into a commanding lead. The game was held during the last few minutes of play.

It was a fast game, and large numbers of rabid fans from both communities were treated to plenty of thrills. In addition to a game often read about but seldom seen.

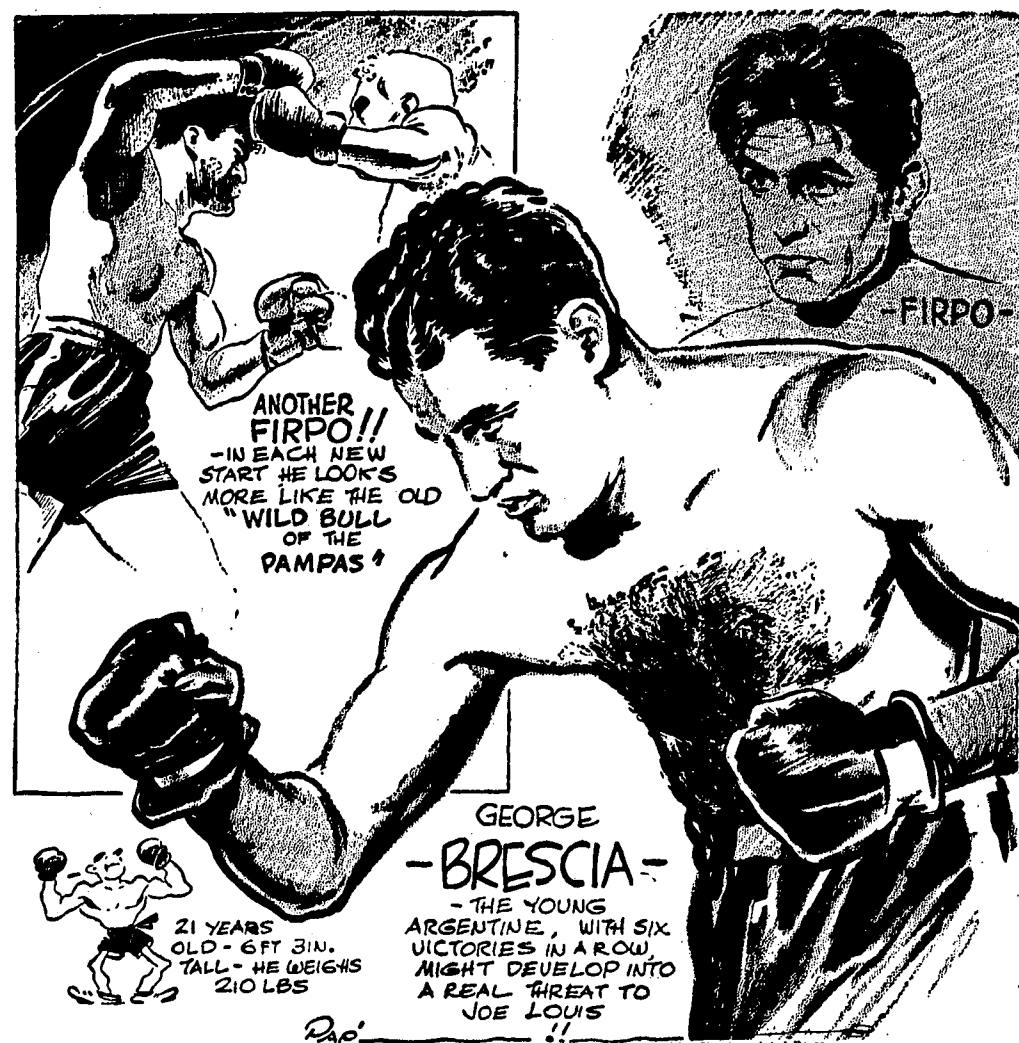

Another Thriller  
The Navarro-Rice game was a samewest to a parallel with the Emhouse-Rice game. Navarro was favored to win a wide margin, and the fans were treated to a surprise when Rice took the offensive from the very start, and held Navarro's offense in check during most of the first and second periods.

In the third period and a portion of the fourth, Navarro pulled up into a good lead, but near the end of the game Rice shot the works in a final drive, but was unable to obliterate the Navarro margin.

The game was featured by the six field goals of Miss Chambliss, of Navarro, most of which were made from almost impossible positions and distances, and were back overhead shots. She hit for 12 points, and was trailed by Miss Harvard of her own school, who made 11 each. Miss Dobbs of Rice contributed eight points and Miss Hayes of Rice, to Miss Compton's four for Navarro.

Following the box scores of the consolation and final games, as reported by Reuben Crouch, scorekeeper:

A soured and saddened man is Mr. Moe ("Chomondoley") Ber-man, late of Broadway, New York, but now of London, and disgust stamps his face as vividly as the inch-square green checks on his ultra-English tweed suit.

Moreover, Moe is bewildered. He is hurt. As a charter member of the Bronx Cheer Club and the "In-the-Bag" fraternity, back home, Moe guesses he knows his rights and not only his rights but also the proper decorum for an irate prize-fight customer when the referee gives what Moe calls a cheesy decision.

For years he has been calling them. "As I seen 'em," added Moe, and he shrugged gloomily. "But now—"

But now he is practically ready to give up his British accent, painstakingly acquired since his arrival a short time ago.

A Misunderstanding  
"I don't unstanan these limeys," he said. "They don't speak my language."

Moe's misunderstanding arose at Royal Albert Hall, when the referee gave Tommy Farr, of L. Doolen..... 0 0 2 0 Collins..... 0 0 1 0 F. Doolen..... 0 0 0 0 Totals..... 12 3 9 27 Referee, Griffith; timer, Williams; scorer, Crouch.

Wales, a dubious decision over Tommy Loughran, the veteran "Philadelphia Phantom," who—as the critics afterwards agreed—gave young Farr a boxing lesson for 10 rounds.

The decision stunned even Farr's most ardent supporters. The crowd gasped. But with well-bred English reserve, they merely murmured polite surprise.

"Ee-oo-oo!" said Moe, on a foghorn note. It was, he said later with a touch of pride, undoubtedly the most spine-chilling Bronx cheer he had ever uncorked.

Slowly, the crowd took it up. Jeers and hoots leaped from dozens, then scores, then hundreds of throats. Moe led the chorus. "Robbery," he screamed, and looked around. The chorus missed its cue.

"In the bag!" bellowed Moe, prodding the bowler-hatted individual next to him. The bowler-hat started to murmur something, but Moe cut him off with a deafening cry: "Frame-up!"

A Bit Thicker  
It was then that Moe learned the difference between Bronx and individual addressed him: "That's a bit thick, old chap," he said. "Rummy decision, and all that. But 'frame-up,' you know. Really—"

It simply, Moe learned, isn't done. Back home, yes. But not in England.

British sports writers, commenting on the fight, guardedly agreed with Moe.

Loughran himself told the Associated Press man, in his dressing room just after the fight: "I thought I was so far ahead that out of spirit of English 'fair play' I didn't try to cut him up. If I'd been fighting in a Latin country I like that, but I didn't expect to get it in England."

### THREE CLASS A TEAMS WILL ALSO RUN OFF GAMES DURING TOURNNEY

Twenty-seven boys basketball teams were ready at the post today after a week of strenuous training for their entrance into the 1936 University of Texas Interscholastic League Navarro county class B basketball tournament, which will open Friday morning on the Mildred gymnasium. Three class A teams of the county, State Home, Kerens and Dawson, will run off their elimination games during off hours of the class B event.

The first game will be at 8 o'clock Friday morning, and one game will be played each hour during the remainder of the day, through the 9 o'clock game. The 7, 8 and 9 o'clock evening games will have winners into the quarter-finals, while the remainder of the teams will have to play games at 8, 9, 10, 11 and 12 o'clock Saturday afternoon, and the two semi-final games are scheduled for 8 and 9 o'clock Saturday night. The final game will be at 8 o'clock and the third-place game will be at 6 o'clock Wednesday evening, Feb. 12. The final game in the class A division is scheduled for 7 o'clock next Wednesday night.

Strong Teams Seeded  
At a meeting of the coaches here recently, it was voted to seed the two strongest teams, (voted to be Emmett and Purdon) in opposite brackets, and Purdon was placed in number one position at the top of the bracket, and Emmett was number 27, and placed on the bottom rung of the ladder.

Judging from the large numbers of basketball fans who made the turnstiles click at the Y. M. C. A. (P)—On the Oklahoma A. and M. campus, down through a year of football reverses, there was brightness today as a warm welcome was furnished up for Ted Cox, of Tulane.

Cox, coach of Tulane's Green Wave for the past four years, was named head football coach here yesterday to succeed A. A. Exendine whose post was declared vacant recently by the athletic council.

There was hope that Cox might prove another Lynn Waldorf, former A. and M. mentor who had marked success with cowboy teams before he went to Kansas State.

Two Cage Games On Tonight's Schedule  
Two games are scheduled for tonight (Thursday) in the Y. M. C. A. Red Triangle basketball league, it was announced this morning by C. F. Broughton, physical director, scheduled to meet Miles at 7:30 and K. Wolens at the Y.M.C.A. are slated for the second game at 8:30.

### SPORT NOTES

By PAUL MOORE — Sun Sports Editor

Emmett girls basketball team came through to win the championship of the annual Y. M. C. A. invitation tournament Wednesday here with a sensational 29-20 victory over the Emhouse sextette on the Y court. The game is closer than the score indicates and a determined rally in the final portion of the melee sent the West Navarro girls into the championship picture.

The Y. M. C. A. tourney for the girls has again proven extremely popular and much interest was taken in the meet from all sections of the country. There were nineteen clubs entered when hostilities were opened recently.

Coriscana and Mexia high school quintets will clash on the junior high gymnasium Friday night at 7:30 o'clock in Central Texas. The Mexia contingent will be fighting to secure revenge for the recent victory won by the Bengals. Coriscana did not look so potent against Waco Tuesday night, but are expected to be in the best of shape for this encounter. If Coriscana wins this engagement Friday night, the Junglebeasts will definitely finish out of the cellar. If Mexia wins the game here, the two teams will in all probability end the season deadlocked for the bottom in the percentage calculations.

Temple and Bryan quintets are slated to meet tonight in their game postponed Tuesday due to cold weather. The tilt will be unaltered on the Texas Aggie court at College Station. Bryan upset the dope last week with a victory over Temple in Temple. Another Bryan win will definitely annex second place honors for guard.

Miss M. Compton, of the third-place Navarro girls' basketball team, won first place in the Y. M. C. A. free-throw contest conducted in connection with the 1936 invitation tournament, on the Y court Wednesday night. She made 19 tosses out of a possible 25 in three minutes. Second was Miss McFarland of Long Prairie, with 18, and Miss Pauline Brown of Emmett third with 17.

Awards were presented the teams and players after the final game, by Allyn (Rip) Lang, chairman of the physical committee of the association. The silver trophies for first, second and third places were given Emmett, Emhouse and Navarro respectively, and individual awards were given the players of each team.

All Star Team  
An all-tournament team of eight girls was selected by the officials, and the first three named were given special awards for their outstanding and distinctive performances during the tourney. The team included Betty Eyer, Frost; Cathryn Pevehouse, Emmett; Suda Faye Wetzel, Emhouse; Josephine Watkins, Barry; O. Denbow, Bryan; Helen Hartley, Rice; and Lorraine Doolin, Navarro.

Mr. Lang announced that a squad of girls had been selected to comprise a team to meet some strong Dallas, Waco or Irene team according to the one or ones who accept invitations, to play in a series of exhibition games here in the near future. Practice will be held Saturday afternoon at 4 o'clock, and Coaches Warren of Bryan, Armstrong of Frost, and Miss Lorraine Daniels, of Navarro, have been selected to have charge of the team.

The following girls were selected on this squad: Winona McMin of Frost; Millie Gill and Betty Eyer, of Frost; Genelle Adams, Frances Gray, F. Denbow, O. Denbow, and Dean Minatra, of Bryan; Ada Sue DeLafosse, Josephine Richards, Louise Watkins and Suda Faye Wetzel, of Emhouse; Frances Chambliss and Lorraine Doolin of Navarro; Cathryn Pevehouse, Geraldine Thomason and Lucille Ballow, of Emmett; Edrie Gunn, of Purdon; Josephine Watkins, and Gracie Mae Russell, of Barry; Helen Hartley, Elise Durbin and Katherine Dobbs, of Rice, and Lucille Crutchfield, of Currie.

Practice games will be arranged for the squad on Saturday afternoon, Feb. 15, against several teams of the county. A matched game will also be played Friday night, Feb. 21, with some girls team. Several boxing exhibitions and a boys game are scheduled for that night.

has showed up to fine advantage this season is coming in, for its share of the speculation, as was indicated by the vote of coaches that it is one of the two top ranking teams in the county. In the event both Purdon and Emmett come through their opposition, a fine game will be seen between them in the final game, next Wednesday night.

### NEW CHAMPIONS IN BOXING CROWNED AT HOUSTON TOURNEY

### PORT ARTHUR ENTRIES ANNEX TRIO TITLES AND PLAQUE OF MERIT

HOUSTON, Feb. 6.—(P)—The Texas A. A. U. had eight new boxing champions today. The state tourney ended with finals in all weights last night. The Port Arthur team won three titles and was awarded a plaque for having the best all-around fighters.

Max Roesch of Dallas won from Vernon Shaw to take the heavyweight crown, and Frank Pierson of Port Arthur was given a decision over James Elder of Texas Tech for the lightweight title.

Chester Hayes of Rice Institute won the middleweight title on default. His opponent was unable to be present.

Wayne Mixon of Houston won a decision over Lupe Ramirez, also of Houston, in the flyweight bout, and Arthur Dorrell of Port Arthur won over Louis Ledbetter of Dallas in the welterweight division.

Earl Crow of the University of Texas won on points from George Poole of Houston for the light heavyweight title.

Emery Latolais of Port Arthur took bantamweight honors in a bout with Jesse Williamson of Houston.

The featherweight crown went to Tom Walker of Houston. He won from Clarence Villemex of Port Arthur on a decision.

Houston sport writers voted Arthur Dorrell and Max Roesch outstanding performers of the tourney.

Southern Colleges In Final Discussion New Athletic Program  
RICHMOND, Va., Feb. 6.—(P)—Presidents of Southern conference institutions met today for a final discussion of the "Graham plan" to de-emphasize athletics before considering it in a general meeting.

They were assured that at least six of the ten votes will be cast for their recommendations in the general sessions tomorrow.

The plan, sponsored by two Southern schools, would curb subsidization by eliminating athletic aid and placing athletic affairs under the supervision of faculty-controlled committees.

The University of Maryland athletic board and the North Carolina State University faculty supported the proposal.

Pinky Higgins Has Returned Contract Unsigned; No Holdout  
DALLAS, Feb. 6.—(P)—M. F. (Pinky) Higgins says he didn't become a holdout when he returned unsigned his 1936 contract but that he thinks he deserves some consideration for the work he did for the Philadelphia Athletics at third base last year.

Higgins, only seasoned veteran winter trading left on the club's roster, refused to reveal terms of the contract, explaining "we're having some differences of opinion—we haven't been able to straighten out."

The third baseman defined a holdout as a player who failed to show up in training camp. "I'm not a holdout," he added, "but it seems as if I ought to have some consideration on basis of last year's work."

## We Believe In Corsicana And Navarro County

IN PRESENTING THIS PROGRAM OF "FIRMS  
WHO BELIEVE IN CORSICANA AND NAVARRO  
COUNTY," THE CORSICANA DAILY SUN  
AND THE CORSICANA SEMI-WEEKLY LIGHT  
ALSO GIVES TO ITS READERS, THE 15TH  
OF A SERIES OF ARTICLES IN WHICH IT IS  
PROPOSED TO DEAL WITH THE INDUSTRIAL,  
EDUCATIONAL, AGRICULTURAL, AND OTHER  
ADVANTAGES THAT ARE TO BE FOUND HERE.

### CORSICANA, THE CITY OF HOMES, CHURCHES AND SCHOOLS

Any city which is modern, is growing and which has a desire to  
grow must offer many things, in the past through these columns  
and covering a period of fourteen weeks we have been setting  
out many things for which Corsicana and Navarro county have  
and stand for, which had brought this section up to the present  
high standard. In this the last page in this series we mention  
homes, schools and churches.

Surely no city could ask one to leave other fields and come to its  
boundaries to live without offering good homes, good schools  
and good churches. Corsicana lays claim to just this feature that  
enters into the lives of every citizen.

A city that can offer these features is indeed a fortunate one,  
and the best test for one to use is to come see, drive over the  
city, note our churches, our elegant homes, our fine school plant.  
Our schools, in buildings, equipment, curriculum, personnel, spirit,  
public support, efficiency and harmony is all one could wish,  
fine modern, new brick buildings, a fine athletic field, high class  
teaching staff, properly officiated, make our system compare  
favorably with any in the state.

Our homes, a joy and pride to every citizen of Corsicana, well  
kept lawns, beautiful trees and shrubs, the latest and finest in  
architecture, combine to really make Corsicana a city of fine  
homes.

Our churches, Jewish, Protestant, Catholic, all represented in  
fine church edifices, cooperative spirit. Our churches are beauti-  
ful, worshipful, in fine public favor and well supported, our  
ministers, high type, well educated, who play an every day im-  
portant part in our community life.

Corsicana, this City of Schools, Churches and Homes, invites  
you to come, look, see and listen.

The advertisers on this page are looking forward,  
prepared to serve their patrons better. There's no  
inactivity with them. They are boosters of Corsi-  
cana and Navarro county and you'll find them  
ready to answer your needs.

# APPLICATIONS FOR BONUS PAYMENT ARE BEING MADE RAPIDLY

## AMERICAN LEGION AND RED CROSS FILLING OUT APPLICATIONS FOR VETERANS

A total of 445 applications for payment on July 1 of the adjusted service certificates of the soldiers' bonus had been filled out Wednesday morning by a staff of Johnson-Wiggins Post No. 22 American Legion, Corsicana, and by Mrs. R. B. Mitchell, executive secretary of the Navarro county chapter American Red Cross. Figuring that each adjusted service certificate would amount to \$825, the total amount of money to be paid for the bonus in Navarro county would total \$278,125.

The American Legion has filled out approximately 400 certificates and Mrs. Mitchell reported 31 certificates filled out and 14 blanks given out to ex-soldiers of the World War to fill out themselves.

Mrs. Mitchell is conducting her regular claim activities and other work in connection with the filling out of applications. She said the Veterans' Administration Bureau, in Dallas, had urged persons filling out the applications to do it correctly, as the bonus will not be given the ex-soldiers until July 1, and the correctness of the applications is important.

The American Legion opened its courthouse office Sunday, and has kept it open two hours each night during the week. Officers plan to continue giving this service to the World War Veterans until the bonus has been paid. The office is open from 7 until 9 o'clock each night, and from 2 to 6 o'clock each Sunday afternoon.

To Use Money Judiciously.

A survey of the "National Legionnaire" official organ of the American Legion, showed that "the vast majority of veterans who cash their adjusted compensation bonus immediately will spend the money for food, clothing and other necessities."

The organ mailed 25 questionnaires to each of the more than 11,000 posts, and the results were audited by certified public accountants. The survey showed "a tremendous impetus to the building, automobile, steel, furniture, clothing and other industries, in the release of potential purchasing power, and the creation of new jobs."

Among the items named on the purchasing lists, the survey showed, were 400,000 new homes, 115,387 lots for home sites, 153,724 farms, 323,822 automobiles, 153,062 radios, 440,381 new suits and overcoats, 814,878 new dresses and 175,413 electric or gas refrigerators.

In addition, 1,897,336 veterans indicated they would pay \$525,615-793.88 on debts incurred during the war.

The survey further showed that for each bonus dollar spent by World War veterans upon clothing for themselves they will spend \$1.09 for payment of debts and old bills; \$5.03 for construction of new homes, or repairs and painting of present homes; \$4.42 for acquisition of new homes, lots for home sites and business; 2.49 for automobiles, trucks and automobile accessories; \$2.26 for furniture and house furnishings; \$1.71 for clothing for wives and children; \$1.15 for miscellaneous items; \$1.53 for savings; \$1.30 for insurance; 85 cents for farm implements; 76 cents for mechanical home equipment; 42 cents for purchase of stocks and bonds, and 14 cents for self education.

# FLEXIBLE COTTON CONTROL PLAN IS URGED BY BUREAU

WASHINGTON, Feb. 4.—(AP)—The bureau of agricultural economics recommended today a flexible cotton control program to facilitate continual readjustments made necessary by variable production from year to year.

The suggestion was part of a 100-page report on world cotton conditions. A preliminary report was issued last spring.

No commercial enterprise has been found, the bureau said, to substitute generally for cotton production in the south.

The bureau offered as "a choice of policy between two extremes." Restraining production to obtain relatively high prices but yielding a part of his world market to the foreign producer, and finding alternative opportunities for the profitable use of a substantial part of his labor and other production resources.

"Producing more cotton to hold a larger foreign market for American cotton but selling his product at relatively low prices."

"A number of intermediate courses of action have been proposed by various groups and individuals," the report added, "one of which is to arrange for the domestic producer to obtain a domestic price of cotton which would be above the world price and to produce for the foreign markets a volume sufficiently large to maintain his position in that market."

"Other intermediate proposals include export debenture plans, market stabilization plans, foreign loan and inflation."

# Suspended Sentence On Guilty Plea For Intoxicated Driving

Herman Adams entered a plea of guilty in the Thirtieth district court Tuesday morning and was given a two-year suspended sentence by a jury to an indictment for driving a car while intoxicated.

Adams was indicted following the collision of a car driven by him with a parked car belonging to C. D. McEntire on Highway 75 in Corsicana, Nov. 6, 1935.

Adams testified he was blinded by an approaching automobile and that his car plunged into the rear of the parked vehicle.

## Courthouse News

District Court.

A jury in the district court Tuesday afternoon found Sammie Willis, negro, guilty of burglary and assessed his punishment at two years in the penitentiary. The defendant had filed an application for a suspended sentence, but it was disregarded by the jury.

Willis was indicted in connection with the burglary of the house belonging to Walter Hickey at Richland recently.

Sheriff's Office.

# MALAKOFF SCHOOL TEACHER REPORTED DISAPPEARED HERE

Navarro county officers Tuesday afternoon were conducting an investigation into the mysterious disappearance of Miss Mary Evans, aged 28 years, resident and teacher of Malakoff, here Sunday afternoon. No trace had been found.

The local officers are at a loss to account for her disappearance and do not know whether she voluntarily left Corsicana, met with foul play or perhaps is suffering from amnesia.

Left Dawson Sunday morning according to information given Sheriff Rufus Peavey and Deputy Sheriff Walter Hayes, left Dawson Sunday afternoon after visiting in the home of Mr. and Mrs. J. J. Smith. She returned to Corsicana on a Cotton Belt motor car along with an acquaintance of Malakoff. The friend, a woman, reported when she arrived in Malakoff, that Miss Evans left the motor car at Corsicana with the announced intention of going to the home of Mr. and Mrs. Felix DeLafosse in Corsicana and that later Mrs. DeLafosse would notify her to Malakoff. When she failed to arrive in Malakoff Monday, M. P. Willis, superintendent of the Malakoff schools, and members of the family immediately started an investigation of the missing woman. No motive or information for her disappearance is known by close associates.

Officers found that Miss Evans did not go to the DeLafosse home to communicate with the family. She is reported to have gone into the railroad station and is then thought to have walked to the downtown section.

Deputy Sheriff Hayes was advised Tuesday that Miss Evans had \$85 in cash in her purse when she purchased her ticket in Dawson.

Jack Springfield, local ticket agent, stated that he knew the said of local officers that he knew woman's actions about the station.

M. P. Willis, Malakoff superintendent, conferred with city police here late Monday and gave a description of the young woman to officers. Miss Evans is 28 years of age, is five feet four inches tall, weighs about 110 pounds. Her hair is light brown and her eyes are blue.

Miss Evans has been teaching in the Malakoff schools for the past eight years.

# BILLY MEADOR DIED IN LOCAL HOSPITAL; BURIAL WEDNESDAY

Funeral services for Billy Meador, aged 28 years, lifelong resident of this vicinity, who died at the P. and S. Hospital Tuesday afternoon at 6:30 o'clock after an illness of two weeks, were held Wednesday afternoon at 3 o'clock from the chapel of the Sutherland-McCammern Funeral Home with interment in Oakwood cemetery. The rites were conducted by Rev. W. R. Hall, pastor of the First Presbyterian church.

Surviving are a brother, Dan Meador, Ludkin; an aunt, Mrs. S. P. Pife, Corsicana, and an uncle, Rev. Bruce Meador, Methodist minister of Abilene.

Dec. 31, a son.

W. E. Hickey, 418 West First Ave., Jan. 11, a son.

Thomas Walter Ely, 1119 West Seventh Ave., Dec. 29, a daughter.

# Fine Baby Boy Born To Corsicana Couple Houston Early Today

The news was received by Corsicana friends and relatives Tuesday morning to the effect that John Torian Anderson made his arrival in a Houston hospital at 2:54 Tuesday morning and that the young man and his mother were doing nicely.

John Torian is the first-born of Mr. and Mrs. Joe Anderson, Mrs. Anderson having been Miss Iris Torian, daughter of Mr. and Mrs. John Torian, Houston, before her marriage to Joe Edens Anderson, young Corsicana attorney and son of Mr. and Mrs. S. E. (Dick) Anderson. Mr. and Mrs. Anderson make their home with their aunt, Mrs. Mona Edens. Congratulations are being extended the happy parents and grandparents of this new arrival.

# SISTER CORSICANA WOMAN PASSED AWAY IN LOS ANGELES

HILLSBORO, Feb. 3.—Mrs. Jack Bowling, aged 39 years, formerly of Hillsboro, died in a Los Angeles hospital Saturday night after an extended illness. The body is expected to arrive here Wednesday and funeral services are scheduled for Wednesday afternoon. Mrs. Bowling was a native of Rio Vista, Johnson county, and received her education in Hillsboro schools.

Surviving are a daughter, Miss Dorothy Bowling; mother, Mrs. A. J. Menefee, Hillsboro, and three sisters, Mrs. Ruby Hammock, Irene; Mrs. Artie Spivey, Los Angeles, and Mrs. Pansy Hollingsworth, Corsicana.

# AGED WOMAN DIED NEAR EMHOUSE; IS BURIED NEAR KOSSE

Mrs. Mary E. Brooks, aged 85 years, died at the home of her niece, Mrs. C. E. Riggs, of the Emhouse community, Wednesday morning at 1 o'clock after a several weeks' illness. The funeral was held at the Head's Prairie Baptist church near Kosse Wednesday afternoon at 3 o'clock with Rev. Rasco in charge.

Prior to moving to the Emhouse community recently, Mrs. Brooks resided near Thornton.

Surviving are a brother, Renfro Springfield, Thornton, and a number of nieces and nephews.

The funeral was directed by the Corley Funeral Home.

# SENATE REPEALED COTTON, POTATO AND TOBACCO CONTROL

## SENATE DECIDED TO DEFER ACTION ON NEW AGRICULTURAL CONTROL BILL

WASHINGTON, Feb. 4.—(AP)—Speedily heeding President Roosevelt's request, the senate today adopted a brief bill repealing the Bankhead cotton control act, the Kerr-Smith tobacco control act and the potato control act.

The house has yet to act.

The action was taken without a dissenting vote and with barely two dozen senators on the floor.

Chairman Smith (D-SO) of the Senate agriculture committee explained that his bill proposed to repeal the trio of measures upset by the supreme court's invalidation of AAA and it went through in less than a minute after it was presented on the floor.

Earlier, the senate agriculture committee decided to defer floor consideration of the Bankhead soil conservation-subsidy bill until the committee studies changes made in a similar measure by the house agriculture committee.

The senate committee also ordered the drafting of a bill to carry out President Roosevelt's recommendation for "prompt repeal" of the Bankhead cotton, Kerr-Smith tobacco, and potato control acts in view of the invalidation of the AAA program by the supreme court.

A similar measure was introduced in the house yesterday by Chairman Jones (D-Tex) of the house committee and was scheduled for quick action.

The senate committee also approved the George bill authorizing

nesday afternoon at 3 o'clock with Rev. Rasco in charge.

Prior to moving to the Emhouse community recently, Mrs. Brooks resided near Thornton.

Surviving are a brother, Renfro Springfield, Thornton, and a number of nieces and nephews.

The funeral was directed by the Corley Funeral Home.

# PIONEER WORTHAM RESIDENT DIED ON THURSDAY MORNING

WORTHAM, Feb. 6.—(Sp.)—Jim Weaver, age 88 years, pioneer resident of Wortham died at 4:30 Thursday morning at the home of his daughter Mrs. Mollie Melton at Mexia. Funeral services will be held from the Central Presbyterian church here at 2 o'clock Friday afternoon and will be conducted by Rev. J. W. Joiner of Winters. Burial will be in the Wortham cemetery.

Mr. Weaver was a retired ranchman and farmer. He lived in Wortham many years.

Surviving are his wife, five sons, W. B. Weaver, Carroll Weaver, Archie Weaver, Gusie Weaver, all of Wortham; George Weaver, Dawson; one daughter, Mrs. Mollie Melton, Mexia, and other relatives.

Sick and Convalescent.

Alouise Foster, daughter of Mr. and Mrs. A. E. Foster, has been ill for the past several days.

Clara Nell Kistley, daughter of Mr. and Mrs. Tom Keathley, has been on the sick list for the past several days.

Marilyn Moore, daughter of Mr. and Mrs. Paul Moore, is improving following a several days' illness.

culture will be covered during the three-day meeting, which is expected to attract nearly 1,000 farm leaders from Mississippi, Florida, Louisiana, South Carolina, Georgia, North Carolina, Tennessee, Kentucky, Texas, Oklahoma, Virginia, and Arkansas.

Wants Prompt Action.

GALVESTON, Feb. 4.—(AP)—H. Renfert, president of the Galveston Cotton Exchange, today telegraphed farm officials at Washington urging prompt action by the congress on some cotton plan.

Renfert said the prevailing uncertainty regarding the 12-cent loan was greatly disturbing the market. He advocated prompt action on the "most logical plan" so far proposed, namely, that the government give borrowers the privilege to buy back their individual cotton any time before July 31.

Every phase of southern agricultural

# CORPUS CHRISTI MAY GET BIG GRANT FROM FUNDS GOVERNMENT

WASHINGTON, Feb. 6.—(AP)—The public works administration said today an application from Corpus Christi, Texas, for a grant of more than \$2,000,000 for bay front improvements had been approved by its legal and financial divisions and was before the engineering section for its endorsement.

PWA explained an original request for \$2,471,000 had been approved conditionally but an amended application sought a slightly larger amount and officials said it likely would not have to go through legal, finance divisions.

A loan and grant of \$609,000 for Corpus Christi's new sewer system has been approved by all divisions, and officials said soon will be given final approval by PWA.

PWA said it understood Corpus Christi would match the \$2,000,000 proposed grant with local contributions of about \$3,000,000, officials said no application had been made to the PWA for a loan of that amount.

# City Poll Taxes Paid Reach 1384 City Corsicana

The final tabulation of city poll tax receipts issued within the city of Corsicana shows there are 1,384, according to an announcement by J. M. Pugh, city assessor-collector, Wednesday morning. The final count of the county poll tax receipts will not be available prior to Friday, it was stated Wednesday.

Mass Meeting.

The Towns Club will meet Saturday night at 7:30 o'clock, February 8, at the court house. All members be present. Visitors are welcome.

—Secretary.
